

ENVIRONMENTAL POLICY STATEMENT

INTRODUCTION

This policy statement reflects the company's commitment to the environment and has been approved by the company Directors. It is communicated to all our employees, is displayed at our Head Office and is made available through our website to the public.

OBJECTIVES

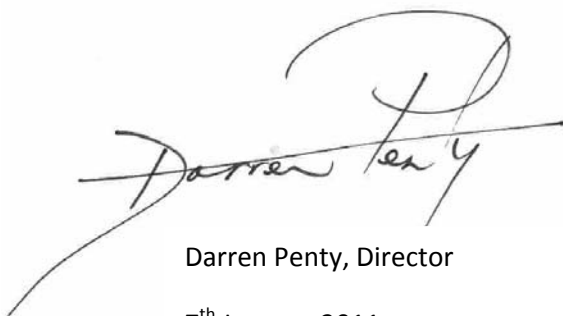

The aims of our policy are to:

- Identify and minimise the risks to the environment from our activities.
- Comply with current environmental legislation and where appropriate act in anticipation of any future requirements.

POLICY

In order to achieve these objectives Select Health and Safety Ltd are committed to:

- Prevent pollution, reduce waste and to maximise the efficient use of materials and energy.
- Use sustainable, reusable or recycled products.
- Ensure that all wastes, particularly hazardous or contaminated wastes are tested, transported and disposed of in an environmentally acceptable manner in line with statutory duty of care requirements.
- Review our activities that may have a significant impact on the environment.
- Minimise the risks of accidents through formulation and adoption of risk management systems and procedures in liaison with local authorities to maintain an emergency response capability to deal with accidental pollution.
- Provide awareness and training to all employees to understand and contribute towards this policy.
